of France - Wikipedia France experienced a baby boom after 1945; it reversed a long-term record of low birth rates. The
sense that the population was too small, especially relative to the more powerful Germany, was a common theme in the
early twentieth century. Insights into the Contemporary Resurgence of Miniature ... Miniature painting involves tedious
and delicate brushwork that captivates under close scrutiny. The contemporary revival in miniature has been marked by a
clear move towards explicitly including size and scale in the general description of the works. Brookings Institution Press
