Misuse of statistics - Wikipedia *Statistics are supposed to make something easier to understand but when used in a misleading fashion can trick the casual observer into believing something other than what the data shows. That is, a misuse of statistics occurs when a statistical argument asserts a falsehood. In some cases, the misuse may be accidental. In others, it is purposeful and for the gain of the perpetrator.* **UC Application - Message from the system** System Maintenance. The system is temporarily offline. Please check back later.
